Results-driven Senior WordPress Developer with 6+ years of experience building custom WordPress themes, plugins, Gutenberg blocks, WooCommerce stores, and API-driven web solutions. Strong expertise in PHP, JavaScript, Elementor, ACF, WP REST API, MySQL, performance optimization, technical SEO, website security, and AI integrations. Proven ability to deliver scalable, maintainable, conversion-focused, and production-ready WordPress solutions for clients, businesses, and digital products.

EXPERIENCE

Senior WordPress Developer

2024 – Present

WinLogics — Remote

- Developed custom **WordPress themes, plugins, Gutenberg blocks, WooCommerce features, and Elementor-based solutions** for business websites and client platforms.
- Built scalable and API-driven WordPress functionality using **PHP, JavaScript, ACF, WP REST API, and MySQL** to support custom workflows and integrations.
- Improved website speed, SEO, security, and automation by integrating third-party services, structured content systems, and AI-powered features.
- Increased overall site performance and delivery efficiency by **30%** through code optimization, reusable development patterns, and streamlined implementation.

WordPress Full Stack Developer

2022 – 2024

10Pearls — Hybrid

- Developed and maintained custom WordPress websites, Elementor pages, and WooCommerce stores.
- Integrated **payment gateways, REST APIs, analytics, CRM tools, and caching solutions**.
- Reduced issue resolution time by **25%** through debugging and performance optimization.

WordPress Developer

2020 – 2022

Systems Limited — Onsite

- Built and maintained **WordPress websites** using **PHP, JavaScript, HTML5, CSS3, and MySQL**.
- Customized themes, plugins, and backend features for business requirements.
- Improved development efficiency by **15%** through reusable code and bug fixes.

EDUCATION

Bachelor of Science in Computer Science
